

The MasterCard
Foundation

BE INSPIRED.

The MasterCard Foundation is one of the largest foundations in the world. Our mission is to create opportunities for all to learn and prosper and we are keenly focused on the growing population of young people in Sub-Saharan Africa. We work with leading global organizations, seeking innovative approaches to financial inclusion and youth learning aimed at catalyzing prosperity on the continent.

MAKE AN IMPACT

Our core values run deep. We are unique in our desire to collaborate and believe that one plus one can equal three. We constantly challenge ourselves and others to innovate, exploring and testing new ideas. Most importantly, we are driven to achieve long-lasting impact.

We have been given a tremendous gift: an opportunity to make a difference in the lives of others. We are honoured, we feel privileged, and we take this responsibility very seriously.

UNLOCK YOUR POTENTIAL

The MasterCard Foundation is a diverse team with experts from the fields of economics, microfinance, education, rural development and youth employment.

We have rich experience working in international development, the private sector and philanthropy.

We know that despite our expertise, learning is lifelong. We encourage employees to develop their skills and knowledge and support them on their professional development journey.

As a young professional, The MasterCard Foundation has helped me grow and develop new skills.

I've also had the opportunity to meet and learn from experts in the sector.

BUILD RELATIONSHIPS

Located in Toronto, Canada, one of the world's most multicultural cities, The MasterCard Foundation is a keen participant in the broader international development community. We collaborate widely and we contribute to decision making at a global, regional and national level.

I believe The MasterCard Foundation's greatest assets are its people. It's a world-class organization and the team has the right depth of experience in Africa and abroad.

Kevin • Finance

After working several years as an auditor in the private sector, I was ready to give back. By working here, I get to make a difference in the lives of people living in poverty in Africa.

Caroline • Finance

My job at The MasterCard Foundation challenges me to think in new and innovative ways. The passion and commitment to the Foundation's vision here is contagious.
